PETITION TO CORRECT INVENTORSHIP UNDER 37 C.F.R. §1.48(a)

Honorable Commissioner of Patents and Trademarks  
Washington, D.C. 20231

Sir:

Applicants hereby petition under 37 C.F.R. §1.48(a) to amend their application to add Birgit Millauer ("Millauer") as a co-inventor. Amendment is necessary because Millauer, along with named inventors Axel Ullrich ("Ullrich") and Werner Risau ("Risau") are the true and first inventors of the invention disclosed and claimed in the above-identified application.

Applicants submit the following in support of their petition:

- (1) A copy of the Rule 63 Declaration executed by all actual co-inventors, Ullrich, Risau and Millauer, of the invention embodied in Application Serial No. 07/975,750 (the original

OMITTING MILLAUER WAS AN INADVERTENT  
ERROR THAT OCCURRED WITHOUT DECEPTIVE INTENT

Through an inadvertent error and without deceptive intent, Millauer was omitted when the application was filed and only Ullrich and Risau were named as inventors.

The error of omitting Millauer was discovered when the named inventors were asked for information needed to complete their Supplemental Rule 63 Declaration. The following explains how the error occurred.

According to instructions from the Applicants, the above-identified application was to be filed on or before November 13, 1992. To meet this deadline, and in accordance with 35 U.S.C. §111, the application was filed with an unexecuted Rule 63 Declaration. Based on information available at that time only Ullrich and Risau were named as co-inventors. Before filing the application attempts were

made to contact the named co-inventors Ullrich and Risau, who reside in Germany, to obtain information needed to complete the Declaration, but because they were traveling at the time, they could not be reached (See attached Declaration, p. 2, ¶2). Accordingly, Applicants' attorney was not informed of Millauer's contribution to the invention and that she should be named as a co-inventor.

Subsequent to filing the application, Ullrich, one of the named inventors, was requested to furnish information needed to prepare a Supplemental Declaration for execution and filing in the Patent Office in response to a Notice To File Missing Parts. Ullrich's response provided information concerning Millauer's contribution to the invention. It was then concluded that the application as filed was in error because Millauer had not been named as a co-inventor (See attached Declaration, p. 2, ¶3). Both named inventors, Ullrich and Risau agree that Millauer made inventive contributions to the subject matter described and claimed in the above application (See attached Declaration, p. 2, ¶4).

#### CONCLUSION

Under these facts, it is apparent that omitting Millauer as a co-inventor was an inadvertent error that occurred without deceptive intent. Accordingly, correction of the application to add Millauer as a co-inventor along with Ullrich and Risau is necessary and requested.
